**Controlling Officer's Report  
For The Year Ended 30 June 2018**

**1.1 Project Background and Description**

The African region is faced with a double burden of communicable and non-communicable diseases. Diseases such as malaria, tuberculosis, HIV and AIDS and neglected tropical diseases (NTD) as well as physical injuries, cardiovascular diseases and diabetes cause significant morbidity and mortality on the continent. Further, Africa is urbanizing quickly to the extent that the proportion of countries with 20% or more of their population living in urban areas is increasing. Urban areas are suffering from communicable diseases such as those related to water, sanitation and hygiene (WASH) as well as non-communicable diseases associated with smoking, alcohol, stress, obesity and illicit drug use. Disparities between the wealthy and the poor contribute to the deteriorating health status of communities.

Natural products (e.g. herbs) are a source of many medicines even though there is increased prominence of synthetic medicines. The drug of choice for malaria in Malawi, i.e. Artemisinin-combination drugs resulted from herbal medicine research. The growing antimicrobial resistance globally also calls for alternative effective therapies, some of which may have origins from herbs. While these herbal remedies may be used, often, the dosage and toxicity remain undetermined for many natural remedies. Heavy metal contamination for instance, is a real concern so is modern drug-herbal interactions that may negatively affect the health of users.

In order to increase Malawi's capacity to train postgraduate students in public health and herbal medicine, Africa Centre of Excellence in Public Health and Herbal Medicine was established.

**1.2 Project objectives**

The ACEPHEM aims are to:

1. Build education capacity through training at the MSc, MMED (Master in Medicine) and MPhil/PhD levels in Public Health and Herbal Medicine for the Eastern and Southern Africa. The Centre will establish basic and applied research programs for African scientists in collaboration with relevant researchers from outside the region to engage in high-impact (research) projects in urban public health on the one hand and herbal medicine in collaboration with traditional healers on the other.
2. Develop the human capacity for herbal medicine in practice, research, identification and industrialization. Such human capacity development will further contribute to the training and education of themselves, others, engage in multi-disciplinary endeavours of teaching and research and establish linkages or networks with colleagues in the region and elsewhere as well as rural communities from which many herbs are obtained
3. Engage sustainably with various stakeholders including the private sector and civil society.

### 1.3 Project Activities

The project will engage in the following:

- Train MSc/MPhil/MMED students in urban public health/herbal medicine
- Train PhD students in fields that are relevant to public health (e.g. adolescent health, and herbal medicine)
- Conduct research in public health practice
- Build the capacity of partner research and academic institutions in urban public health and herbal medicine
  - Upgrade the center's premises for office space, teaching and meeting venues
- Conduct short term training workshops, support publications in peer-reviewed journals,
- Implement faculty and student exchanges
- Network with traditional healers and industry to commercialize products with the potential for the market

### 1.4 Nature of Project

Africa Centre of Excellence in Public Health and Herbal Medicine (ACEPHEM) is a government of Malawi project that is being financed by World Bank through the IDA. The project's implementation start date is 26<sup>th</sup> May, 2016 and was declared effective on 30<sup>th</sup> September, 2016. The closing date of the project is 4<sup>th</sup> October, 2021, and the application deadline is 31<sup>st</sup> December, 2022.

The objectives of the project are:

1. Build education capacity through training at the MSc, MMED (Master in Medicine) and MPhil/PhD levels in Public Health and Herbal Medicine for the Eastern and Southern Africa.
2. Develop the human capacity for herbal medicine in practice, research, identification and industrialization.

Engage sustainably with various stakeholders including the private sector and civil society.

### 1.5 Project Achievements

	Target	Achieved	Overall Percentage	
1. Regional students enrolled in ACEs: (i) Masters (No. of Female) (ii) PhD (No. of female)	Masters (Total)	17	5	29%
	Masters (Female)	5	5	100%
	PhD (Total)	10	9	90%
	PhD (Female)	4	1	25%
	Short courses	84	12	14%
2. Students (national and regional) enrolled in ACEs: (i) Masters (No. of	Masters (Total)	70	66	94%
	Masters (Female)	31	30	97%
	PhD (Total)	26	25	96%
Masters (No. of	PhD (Female)	12	7	58%

**Statement of Management Responsibilities  
For The Year Ended 30 June 2018**

The management of ACEPHEM is required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the project as at the end of the financial year/period and of the operating results for that year.

The management is also required to ensure that the project keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the project and enable them to ensure that the financial statements comply with the financial agreements and statutes.

In preparing the financial statements the management accepts responsibility for the following:

- Maintenance of proper accounting records;
- Selection of suitable accounting policies and applying them consistently;
- Making judgment and estimates that are reasonable and prudent;
- Compliance with applicable accounting standards when preparing the consolidated financial statements, subject to any material departures being disclosed and explained in the consolidated financial statements.

The management also accepts responsibility for taking such steps as are reasonably open to them to safeguard the assets of the project and to maintain adequate systems of internal controls to prevent and detect fraud and other irregularities

The management is of the opinion that the financial statements give a true and fair view of the financial affairs of the project and of its operating results.

The financial statements have been approved by the College of Medicine and are signed on its behalf by:

.....

**AUDITOR GENERAL'S REPORT  
TO THE PRINCIPAL ON THE FINANCIAL STATEMENTS OF AFRICA CENTRE OF  
EXCELLENCE IN PUBLIC HEALTH AND HERBAL MEDICINE (ACEPHEM)  
FOR THE YEAR ENDED 30<sup>TH</sup> JUNE, 2018**

**Opinion**

I have audited the accompanying Financial Statements of the Africa Centre of Excellence in Public Health and Herbal Medicine (ACEPHEM) for the year ended 30<sup>th</sup> June, 2018 comprising of Statement of Financial Position, Statement of Receipts and Payments and Notes to the Financial Statements for the period then ended as set out on pages 10 to 25.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the ACEPHEM Project as at 30<sup>th</sup> June, 2018 in accordance with the Donor terms of agreement and financial provisions.

**Basis for Opinion**

I conducted my audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the ACEPHEM Project and the College of Medicine in accordance with the International Standards of Supreme Audit Institutions 30 - *Code of ethics* (ISSAI 30) as promulgated by the International Organisation of Supreme Audit Institutions (INTOSAI), and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

I have determined that there is no need to communicate key audit matters in my report due the nature of the audited entity.

## **The ACEPHEM Project Management's Responsibility for the Project's Financial Statements**

The ACEPHEM Project Management is responsible for the preparation and fair presentation of the financial statements in accordance with Donor terms of agreement and financial provisions, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. This responsibility includes designing, implementing and maintaining internal controls relevant to the preparation of the financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Project's Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Project's Financial Statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

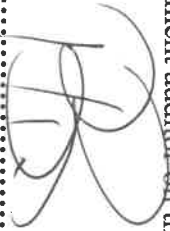

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

The engagement auditor on the audit resulting in this Independent Auditor General's report is:

**Notes to the Financial Statements  
For The Year Ended 30 June 2018**

**1.0 Nature of Project**

Africa Centre of Excellence in Public Health and Herbal Medicine (ACEPHEM) is a government of Malawi project that is being financed by World Bank through the IDA. The project's implementation start date is 26<sup>th</sup> May, 2016 and was declared effective on 30<sup>th</sup> September, 2016. The closing date of the project is 4<sup>th</sup> October, 2021, and the application deadline is 31<sup>st</sup> December, 2022. The objects are: To build education capacity through training at the MSc, MMED (Master in Medicine) and MPhil/PhD levels in Public Health and Herbal Medicine for the Eastern and Southern Africa, to develop the human capacity for herbal medicine in practice, research, identification and industrialization and engage sustainably with various stakeholders including the private sector and civil society

**2.0 Accounting Policies**

African Centre of Excellence for Public Health and Herbal Medicine (ACEPHEM) is using existing College of Medicine Accounting policies in the management of project funds. The guiding accounting policies are as hereunder;

**2.1 Basis of preparing the Accounts**

The Accounts have been prepared using the historical cost convention and on a cash basis. All receipts and expenses incurred in the period are reflected in the financial statements.

**2.2 Foreign Currency Translation**

Foreign currency translation for income and expenditure account items are converted using the actual exchange rate at the date of draw down. All local expenditures paid from the local accounts/currency are translated back to the US Dollar at the actual rate at which draw-down was converted at date of transfer from special account to local account. Where the expenditure cannot be fully met from the proceeds of a draw down, and part of the expenditure should be met from the proceeds of the subsequent draw down, which may have come at a different rate, the conversion rate of the total expenditure from the local currency to the US dollar is on First in First out (FIFO) basis. Thus, the preceding draw down should be exhausted before the subsequent draw down. Current assets and special fund balances are translated using the rate at the closing date (Closing Rate Method). The closing exchange rate to one US Dollar was MK725.65 as at 30 JUNE 2018 and there was exchange gain or loss recognized during the year.

**2.4 Receipts**

These are stated at actual amounts drawn from the World Bank – Grant No. P151847 and IDA 56360 by way of Designated Account replenishment into the FMB Bank account and direct payments through FMB Local account.

**2.5 Interest Received**  
Interest received from the two Designated Accounts and the Local account are recognized then credited into the account

**2.6 Taxation**  
In accordance with financing agreements, all the project receipts are eligible to tax.

**2.7 Non-Current Assets**  
Capital expenditures are capitalized in the year they are incurred and provision for depreciation is made on all Non-Current Assets.

**2.8 Cash and cash equivalent**  
Cash and cash equivalent comprises cash at hand and deposits with banks in local and foreign dominated currency.

**2.9 Financial risk management**

**2.9.1 Market risk**

**2.9.1.1 Foreign exchange risk**

The project operates wholly in Malawi; however its transactions are done in both Malawi Kwacha and United States dollars. The project receives its funding in United States dollars and the funds received are deposited in a US\$ dominated account, transfers to Malawi Kwacha are done only when fund are require for utilization. The project's presentation currency is United States dollars. The consequence of this is that the project does not have a significant exposure to foreign exchange risk.

**2.9.2 Cash flow and fair value interest rate**

As the project has no significant interest-bearing assets, the project's income and operating cash flows are substantially independent of changes in market interest rates.

**2.9.3 Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation to cause the other party to incur a financial loss. Financial assets, which potentially subject the project to credit risk, consist of principally of fixed and short notice bank deposits. With regard to the bank deposit, the project manages this risk by placing bank deposits with high credit rating financial institutions.

These are no independent financial positions, past experience and other factors as a selecting the financial institution.

#### 2.9.4 *Liquidity risk*

Liquidity risk is the risk that the project may not be able to meet its funding requirements. Liquidity risk management includes maintaining sufficient cash, the availability of funding from an adequate amount of committed credit facilities and the ability to close out market positions. The project has received and committed sufficient cash resources from its donors to meet the budgeted costs of all project activities up to the end of the project.

#### 2.9.5 *Critical accounting estimates and judgments*

The project makes estimates and assumptions concerning the future. The resulting estimates will by definition rarely equal the related actual results. No significant estimates have been made in the current financial period.

### 3.0 Schedule of Non-Current Assets
